F. No.12-25/2019-LFP (pt)

dated 15.09.2021

Subject: Issue of Guidelines for Assessment of License fee in r/o PSUs after the Hon'ble Supreme Court Judgement dated 11.06.2020 - regarding.

In continuation of this office letter No.12-25/2019-LFP, dated 13.07.2020 (copy enclosed) Hon'ble Supreme Court order dated 11.06.2020 in the AGR matter [CA 6328-6399 of 2015] is enclosed herewith. The Hon'ble Supreme court has inter-alia observed that.

"It is apparent that the licences are different and our judgment in this case could not have been made the basis for raising the demand against Public Sector Undertakings. Even otherwise, the Public Sector Undertakings are not in the actual business of providing mobile services to the general public.

In the circumstances, let the Department of Telecom reconsider the demand that has been sprung, within three days from today, and on the next date of hearing report the compliance of the action taken on the basis of this order."

2. You are requested to complete the assessment of PSU's (M/s Powergrid, GAIL, Oil India and DMRC, ERNET, NICS, STPI and GIPL) as per the terms and conditions of licence agreement and in light of the Hon'ble Supreme Court order dated 11.06.2020.

This issues with the approval of Competent Authority.

However, the Licensor may increase the value of PBGs whenever any demand is raised for non-compliance of terms and conditions of License/ authorization to the extent it remains un-securitized by the existing PBGs, which shall be maintained till clearance of such demand by the licensee.
<p>21.2 Financial Bank Guarantee:</p> <p>The Licensee shall submit Financial Bank Guarantee (FBG) separately for each service and service area for the amount as per Annexure-II, subject to a maximum of Rs 44 Crore initially before signing the License Agreement or subsequent authorization of service(s), as the case may be, valid for one year, from any Scheduled Bank or Public Financial Institution duly authorized to issue such Bank Guarantee, in the prescribed Proforma at Annexure IV of this license agreement. Subsequently, the amount of FBG shall be equivalent to the estimated sum payable equivalent to License fee for two quarters and other dues not otherwise securitized. The amount of FBG shall be subject to periodic review on six monthly basis by the Licensor and shall be renewed from time to time.</p>	<p>21.2 Financial Bank Guarantee:</p> <p>The Licensee shall submit Financial Bank Guarantee (FBG) separately for each service and service area for the amount as per Annexure-II, subject to a maximum of <u>Rs 8.8 Crore</u> initially before signing the License Agreement or subsequent authorization of service(s), as the case may be, valid for one year, from any Scheduled Bank or Public Financial Institution duly authorized to issue such Bank Guarantee, in the prescribed Proforma at Annexure IV of this license agreement. Subsequently, the amount of FBG shall be equivalent to <u>20%</u> of the estimated sum payable (of License fee for two quarters and other dues not otherwise securitized). The amount of FBG shall be subject to periodic review on six monthly basis by the Licensor and shall be renewed from time to time.</p>

2. The PBGs and FBGs of existing Licensee shall be revised as per the above amended clause subject to the conditions in para 3 below.
3. The rationalization of Bank Guarantees shall not be applicable in following cases:
 - a. Bank Guarantees furnished or required due to any Court order or Bank Guarantees which are subject matter of any Litigation, will continue. For example, Bank Guarantees for which the Licensor has been restrained to encash by a Court order, or Bank Guarantees related to One Time Spectrum Charges (OTSC) under litigation.
 - b. Bank Guarantees of Licensees who are currently under Corporate Insolvency Resolution Process (CIRP) or related litigation, or those Licensees who have closed operations (undergoing liquidation/ liquidated).

- c. Bank Guarantees submitted in respect of past spectrum auctions for securitization of deferred spectrum instalments, including PBGs, will continue to be held by Licensor without any reduction.
4. In case of multiple Bank Guarantees for all the licenses/ authorizations held, the Licensee shall have an option to submit Bank Guarantee(s) centrally at one place instead of Licensed Service Areas (LSAs) wise.
5. This amendment comes into effect with immediate effect.
6. This amendment shall be part and parcel of the Unified License Agreement and other Terms & Conditions remain unchanged.

Office Memorandum

As a part of the reforms and support package for the Telecommunications sector, the Government has taken the following decisions with regard to the future spectrum assignments to Telecom Service Providers (TSPs):

- (i) For spectrum auctions to be held in the future, the requirement for the successful bidder to submit a Financial Bank Guarantee (FBG) of an amount equal to one annual instalment to securitize the instalment; and to submit Performance Bank Guarantee (PBG) for roll out obligations etc., has been dispensed with. DoT will also appropriately address the eligibility conditions for participation in the auction, so that the participants have sufficient financial capacity.
- (ii) In future auctions, access spectrum would be assigned for a period of 30 years. However, since in past auctions the reserve prices and bids were corresponding to validity of 20 years, there will be no change in the tenure for spectrum acquired in past auctions. For undertaking auction for spectrum with validity for 30 years, TRAI recommendations have been sought for associated conditions like upfront payment requirements, applicable moratorium period after upfront payments, number of deferred payment instalments and other related modalities.
- (iii) Spectrum auctions will be held normally in the last quarter of every financial year. Whenever necessary, auctions can be held at shorter intervals also.
- (iv) For the auctions conducted henceforth, TSPs will be permitted to surrender spectrum after a minimum period of 10 (ten) years. TSPs will have to inform one year prior to surrendering their spectrum. An appropriate surrender fee will, however, be charged. TRAI's recommendations have been sought on the conditions and fee for such surrender. However, the spectrum purchase dues for the remaining (post surrender) period will not be levied.

08.10.2021

- (v) For spectrum acquired in future auctions, no Spectrum Usage Charges (SUC) will be levied. The condition of minimum 3% weighted average SUC rate and SUC floor amount will also be removed. Guidelines will be issued by DOT to operationalise the decision.
- (vi) In order to encourage spectrum sharing for better utilisation and efficiency, henceforth spectrum sharing will not attract increase of 0.5% in the SUC rate. Guidelines are being issued separately.

This issues with the approval of Secretary (T).

Dated: the 11th October, 2021

Subject: Guidelines for Sharing of Access Spectrum by Access Service Providers

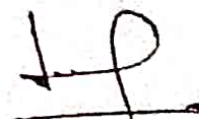

In supersession of the Guidelines for Sharing of Access Spectrum by Access Service Providers dated 24th September 2015, fresh guidelines for Sharing of Access Spectrum by Access Service Providers are as follows:

- (1). Spectrum sharing shall be allowed only for the access service providers holding Unified Access Service License (UASL) /Unified License (Access Services)(UL(AS))/Unified License (UL) with authorization of Access Service in a Licensed Service Area (LSA), where both the licensees are having spectrum in the same band.
- (2). Spectrum sharing is permitted between two Telecom Service Providers utilizing the spectrum in the same band.
- (3). Spectrum sharing is not permitted when both the licensees are having spectrum in different bands. Leasing of spectrum is not permitted.
- (4). All access spectrum including traded spectrum shall be sharable provided that both the licensees are having spectrum in the same band. Further, if more bands such as 700 MHz etc. are added for allocation of spectrum to Access service Providers through auction process, the sharing of spectrum shall also be permitted in that band.
- (5). The right to share the spectrum shall be subject to the fulfilment of the relevant license conditions and any other conditions that may be specified by the licensor/Government from time to time.
- (6). Both the licensees shall ensure that they fulfil the specified roll-out obligations and specified QoS norms.

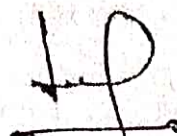

No. L-14006//04/2015-NTG

Ministry of Communications
Department of Telecommunications
WPC Wing, 6th floor, Sanchar Bhawan, New Delhi

- (7). A licensee shall not be eligible to share its spectrum if it has been established that it is in breach of terms and conditions of the licence and the licensor has ordered for revocation/termination of its licence.
- (8). Sharing is permitted in the following scenarios:
- (i). For the spectrum where both the Licensees who plan to share, possess the spectrum for which market price has been paid. Further, in respect of spectrum in 800 MHz acquired in the auction held in March 2013, sharing of spectrum shall be permitted only if the differential of the latest auction price and the March 2013 auction price on pro-rata basis on the balance period of right to use the spectrum is paid.
 - (ii). In case both the Licensees who plan to share spectrum are having the administratively allotted spectrum in that band, the sharing of spectrum is permitted only when both the licensees have paid One time Spectrum Charges (OTSC) for their respective spectrum holdings, above 4.4 MHz (GSM) / 2.5 MHz (CDMA) based on reserve price/auction determined price. However if the said amount is not paid due to judicial intervention in judicial forums barring any coercive action, in the interim, sharing of spectrum in such cases will also be permitted subject to submission of a bank guarantee for an amount equal to the demand raised by the department for one time spectrum charge pending final outcome of the court case.
 - (iii). In case of proposed sharing where one Licensee has spectrum acquired through auction/trading or liberalized spectrum and the other has spectrum allotted administratively, sharing is permitted only after the spectrum charges for liberalizing the administratively allocated spectrum are paid. Further, in case of spectrum acquired in auction held in March 2013, differential amount as indicated in para 8(i) above shall be payable in respect of 800 MHz band.
- (9). The use of technology shall be governed by the terms and conditions of respective Notice Inviting Application (NIA)/license.

No. I-14006//04/2015-NTG
Government of India
Ministry of Communications
Department of Telecommunications
WPC Wing, 6th floor, Sanchar Bhawan, New Delhi

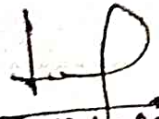

- (10). Both the licensees will be individually and collectively responsible for complying with the sharing guidelines, including interference norms.
- (11). Spectrum sharing will be restricted to sharing by only two licensees subject to the condition that there will be at least two independent networks provided in the same band.
- (12). Spectrum sharing shall not attract any increase in rate of Spectrum Usage Charge (SUC), w.e.f. 01.10.2021.
- (13). The prescribed limits for spectrum cap shall be applicable for both the licensees individually. Further, the spectrum holding of any licensee post-sharing shall be counted after adding 50% of the spectrum held by the other licensee in the band being shared being added as the additional spectrum to the original spectrum held by the licensee in the band.
- (14). Spectrum sharing shall be available for upto the balance period of the licence or upto the period of right to use spectrum, whichever is earlier.
- (15). Both the licensees sharing the spectrum shall jointly give a prior intimation for sharing the right to use the spectrum at least 45 days before the proposed effective date of the sharing. Application format is attached along with these guidelines as Annexure-I.
- (16). Both the licensees shall also give an undertaking that they are in compliance with all the terms and conditions of guidelines for spectrum sharing and the licence conditions and will agree that in the event, it is established at any stage in future that either of the licensee was not in conformance with the terms and conditions of the guidelines for spectrum sharing or/and of the licence at the time of giving intimation for sharing of right to use the spectrum, the Government will have the right to take appropriate action which inter-alia may include annulment of sharing arrangement.
- (17). A non refundable processing fee, as prescribed from time to time, shall be payable individually by each licensee for each service area at the time of intimation to WPC Wing. At present, processing fee of Rs. 50,000/- is to be paid.

List of other income to be excluded from GR to arrive at ApGR

Sl. No.	Item/ Head of 'Other Income'	Description and conditions applicable
a.	Income from Dividend	<p>Income from dividend is return on investment made by the company. Such investment is made out of surplus funds available with the company. Companies Act, 2013 and Accounting Standard-9 classified dividend income as 'other income' i.e., distinct from the core operations of the entity.</p> <p>Therefore, income from dividend shall not be part of ApGR for the purpose of computation of LF.</p>
b.	Income from Interest	<p>Income from interest is return on investment made by the company in bank deposits, corporate deposits, debentures etc. Such investment is made out of surplus funds available with the company. Also sometimes, Licensee receives interest from Tax Authorities on advance tax or refundable tax. Companies Act, 2013 and Accounting Standard-9 classified interest income as 'other income' i.e., distinct from the core operations of the entity.</p> <p>At the same time, Licensee accepts refundable deposits from customers, telecom vendors and other Licensees. These deposits essentially are part of telecom operations. The interest income earned on such amounts should be recorded and certified by statutory auditors.</p> <p>Therefore, income from interest shall not be part of ApGR for the purpose of computation of LF. However, interest earned on refundable deposits from customers, telecom vendors and other Licensees shall be considered in ApGR for the purpose of computation of LF. Also, any refundable deposit received by the Licensee on the strength of telecom service viz. linkage with tariff, advance rental etc. shall also have similar treatment for inclusion in ApGR.</p>
c.	Capital gains on account of profit on sale of fixed assets and securities	<p>Capital gain earned by the Licensee on the account of profit on sale of assets and securities, are of from investing activities instead of from telecom operations. Therefore, the revenue on account of sale of immovable property, securities, warrants or debt instruments, other items of fixed assets shall not be part of ApGR for the purpose of computation of LF.</p>
d.	Gains from Foreign Exchange rates fluctuations	<p>Foreign Exchange differences arise when actual rates at the time of settlement differs from those at which they were initially recorded in the books. The provisions contained in the Accounting Standard-11 require a notional entry for exchange differences in respect of liabilities at the closing date of the AFSs. The foreign exchange gains reflected in the profit and loss statement of Licensee could arise from</p>

		<p>reduction of payment liability or increase in the value of foreign exchange accounts receivables. In other words, foreign exchange fluctuation is a contingency which has impact on every business which may have something to do with foreign exchange and is not specific and unique to telecom business.</p> <p>Therefore, revenue/profit arising out of upward valuation or devaluation on account of fluctuation of foreign exchange shall not be part of ApGR for the purpose of computation of LF.</p>
e.	Income from property rent	<p>Licensee may rent or lease part of their properties and earn revenue in the form of rent. Some Licensees as part of staff welfare measure provides staff quarters to their employees and receive rent from such staff. Revenue from rent cannot be distinctly treated as only from telecom business. Therefore, revenue/income from property rent shall not be part of ApGR for the purpose of computation of LF. In case property is let out for 'establishing, maintaining and working of telecommunication', then revenue/income from such rent shall be considered in ApGR for the purpose of computation of LF.</p>
f.	Insurance claims	<p>A receipt from Insurance company against loss of property/fixed assets is basically a reimbursement in nature for the loss occurred by the Licensee. Receipt of insurance claim from insurance company shall not be part of ApGR for the purpose of computation of LF.</p>
g.	Bad Debts recovered	<p>Bad debt is an amount owed by a debtor that is unlikely to be received/ realized and recognized as an expense in the books of accounts. Bad Debts recovered represents reversal of debits (i.e. bad debts) appearing in the profit and loss account of previous year(s). This basically represents an adjustment to the amount of an expense (i.e. bad debts) as estimated in an earlier year(s) in which it had already recorded as part of revenue from operations.</p> <p>Therefore, income on account of bad debts recovered shall not be part of ApGR for the purpose of computation of LF.</p>
h.	Excess Provisions written back	<p>Excess Provisions written back represent the reversal of excess provision made for any liability or expenses in any previous year. On settlement, this excess provision is written back into books of accounts as other income. This basically represents an adjustment 60 instead of actual revenue earned.</p> <p>Therefore, income on account of excess provisions written back shall not be part of ApGR for the purpose of computation of LF.</p>

Annexure-VIII to MNP License Agreement

List of other income to be excluded from GR to arrive at ApGR

Sl. No.	Item/ Head of 'Other Income'	Description and conditions applicable
a.	Income from Dividend	<p>Income from dividend is return on investment made by the company. Such investment is made out of surplus funds available with the company. Companies Act, 2013 and Accounting Standard-9 classified dividend income as 'other income' i.e., distinct from the core operations of the entity.</p> <p>Therefore, income from dividend shall not be part of ApGR for the purpose of computation of LF.</p>
b.	Income from Interest	<p>Income from interest is return on investment made by the company in bank deposits, corporate deposits, debentures etc. Such investment is made out of surplus funds available with the company. Also sometimes, Licensee receives interest from Tax Authorities on advance tax or refundable tax. Companies Act, 2013 and Accounting Standard-9 classified interest income as 'other income' i.e., distinct from the core operations of the entity.</p> <p>At the same time, Licensee accepts refundable deposits from customers, telecom vendors and other Licensees. These deposits essentially are part of telecom operations. The interest income earned on such amounts should be recorded and certified by statutory auditors.</p> <p>Therefore, income from interest shall not be part of ApGR for the purpose of computation of LF. However, interest earned on refundable deposits from customers, telecom vendors and other Licensees shall be considered in ApGR for the purpose of computation of LF. Also, any refundable deposit received by the Licensee on the strength of telecom service viz. linkage with tariff, advance rental etc. shall also have similar treatment for inclusion in ApGR.</p>
c.	Capital gains on account of profit on sale of fixed assets and securities	<p>Capital gain earned by the Licensee on the account of profit on sale of assets and securities, are of from investing activities instead of from telecom operations. Therefore, the revenue on account of sale of immovable property, securities, warrants or debt instruments, other items of fixed assets shall not be part of ApGR for the purpose of computation of LF.</p>
d.	Gains from Foreign Exchange rates fluctuations	<p>Foreign Exchange differences arise when actual rates at the time of settlement differs from those at which they were initially recorded in the books. The provisions contained in the Accounting Standard-11 require a notional entry for exchange differences in respect of liabilities at the closing date of the AFSs. The foreign exchange gains reflected in</p>

		<p>the profit and loss statement of Licensee could arise from reduction of payment liability or increase in the value of foreign exchange accounts receivables. In other words, foreign exchange fluctuation is a contingency which has impact on every business which may have something to do with foreign exchange and is not specific and unique to telecom business.</p> <p>Therefore, revenue/profit arising out of upward valuation or devaluation on account of fluctuation of foreign exchange shall not be part of ApGR for the purpose of computation of LF.</p>
e.	Income from property rent	<p>Licensee may rent or lease part of their properties and earn revenue in the form of rent. Some Licensees as part of staff welfare measure provides staff quarters to their employees and receive rent from such staff. Revenue from rent cannot be distinctly treated as only from telecom business. Therefore, revenue/income from property rent shall not be part of ApGR for the purpose of computation of LF. In case property is let out for 'establishing, maintaining and working of telecommunication', then revenue/income from such rent shall be considered in ApGR for the purpose of computation of LF.</p>
f.	Insurance claims	<p>A receipt from Insurance company against loss of property/fixed assets is basically a reimbursement in nature for the loss occurred by the Licensee. Receipt of insurance claim from insurance company shall not be part of ApGR for the purpose of computation of LF.</p>
g.	Bad Debts recovered	<p>Bad debt is an amount owed by a debtor that is unlikely to be received/realized and recognized as an expense in the books of accounts. Bad Debts recovered represents reversal of debits (i.e. bad debts) appearing in the profit and loss account of previous year(s). This basically represents an adjustment to the amount of an expense (i.e. bad debts) as estimated in an earlier year(s) in which it had already recorded as part of revenue from operations.</p> <p>Therefore, income on account of bad debts recovered shall not be part of ApGR for the purpose of computation of LF.</p>
h.	Excess Provisions written back	<p>Excess Provisions written back represent the reversal of excess provision made for any liability or expenses in any previous year. On settlement, this excess provision is written back into books of accounts as other income. This basically represents an adjustment 60 instead of actual revenue earned.</p> <p>Therefore, income on account of excess provisions written back shall not be part of ApGR for the purpose of computation of LF.</p>

OFFICE MEMORANDUM

Subject: Issues in ISP License signing.

With reference to the meeting held on 03/02/2022 with officers from DGT, LSAs, NT wing and ITPC Pune to discuss issues in ISP License signing and subsequent email dated 04/02/2022 from the DGT office, the undersigned is directed to convey following clarifications with reference to the SoP dated 20/07/2020 regarding delegation of signing of UL and UL(VNO) ISP authorizations:

(i) For reducing delays in signing of license after issuing of LOI, once the applicant has uploaded scanned copies of the compliance documents (BG, Entry Fee details and Undertaking) on SaralSanchar portal, scrutiny comments, if any, may be communicated by the LSA to the applicant through the online portal itself without waiting or asking for physical copies of the compliance documents. Once the compliance documents are found in order after scrutiny, the same may be intimated through the online portal to the applicant while issuing the online invitation letter. Final corrected physical copies of the compliance documents (BG, Entry Fee details and Undertaking) may only be sought from the applicant on the day of signing license agreement.

(ii) For cases where applicant has not submitted LOI compliance within 90 days or submitted incomplete compliance, the LOI remains pending till a case is sent by the LSA to DOT HQ for cancellation of such LOI. ITPC of BSNL and NT wing of DoT are requested to create a functionality in SaralSanchar so that such LOIs can be rejected by LSAs themselves without requiring any approval of DOT HQ and only an intimation is sent to DS wing by the LSAs.
